SATURDAY MORNING, AUG. 7, 1858 PLAIN AND ORNAMENTAL PRINTING To roun and the armembal, Printing of severy description and the Printing Each Indian at the London Coffice, in the lands of Coffice, in the lands of the Coffice of the lands of the lands

Our Reason for the Adjourned Session The Legislature started out fiercely against holding an adjourned session of the General Aseming an adjourned ing an adjourned session of the General Asembly, and not only decided against it in caucus by, and not only decided against it in caucus by, and not only decided against it in caucus but blazoned the fact as redounding to their coredit. Time wore on, and the opposition to a second term at four dellars a day were off likewise, and unfortunately for the interests of the second term at four dellars a day were off likewise, and unfortunately for the interests of the second term at four dellars a day were off likewise, and unfortunately for the interests of the second term at four dellars a day were off likewise, and unfortunately for the interests of the second term at four dellars a day were off likewise, and unfortunately for the interests of the second term at four dellars a day were off likewise, and unfortunately for the interests of the second term at four dellars a day were off likewise, and unfortunately for the interests of the second term at four dellars a day were off likewise, and unfortunately for the interests of the second term at four dellars a day were off likewise, and unfortunately for the interests of the second term at four dellars a day were off likewise, and unfortunately for the interests of the second term at four dellars a day were off likewise, and unfortunately for the interests of the second term at four desired, not only with reference to the first cost of buildings and real estate, but its adaptation to Compton term at each late of buildings and real estate, but its adaptation to four time of electrometers, will be personated to the second term at each late of buildings and real estate, but its adaptation to convenience and means of living for the interest soft the tend desired.—The end desired in the end people, Republican members enough were this increase, the result of systematic frands by men who support the frands in Kansas and adjournment without a strict party sets. Some supported at the time that the United States Senstarship was one potent cause of the Demography and in some instances even treble voting. At sizing, belting, dec. Labor is an element not to Demography and developments along.

ton, Hughes of Highland, Wilson of Marion, we regret to have to record with success. Cowan of Ashland, Jenner of Richland, Marshall of Allen, Edson of Van Wert, and Hughes

Now all this is very well, and would be the more creditable to the Senator, was it not well Mr. P., and that the chances of his political fortune are increased by turning " from a Demoence on the unscrupulous partirans who have proved their respect for constitutional and legal enactments, by grasping at such petty spoils as the Penitentiary and State House in deliance of both. A Senatorship for six years will not slip graduate of Yale College in 1818, has written road at Marquette and ran up to the wonderful through their fingers, no matter what constitu- an amusing distribe against his alma mater, and piles of mineral known as the Iron Mountains tional, legal and precedent burriers to the against the Linonian Society to which he betempting prize have to be overleaped. Reported Massacre on the Plains.

A Missonrian who lately arrived in California from the Plains, reports that nineteen persons out of a party of twenty-one who stated for Sak Lake for California, after the arrival of Gov. Cumming in Utah, were soon after massacred by a band of Pah Utah Indians, or white men disguised as Indians. The party were attacked when encamped at night, and but two excaped, Mr. Johnson and Mr. Lyie, by hiding among the rocks. The party left Missouri in June 1857, sud remained at Sak Lake until the advent of Gov. C., when they were allowed to depart.

was elected, the total vote in the city was at all: 11,768, and in April, 1857, the vote for Mayor That this place possesses many essential fa cilities for the fabrication of either cotton or weeken stocks. ocratic change. Recent developments show one of the polis the Democrat says a large number overlooked.

now calminated in a correspondence with Senstar Pagh on the subject, which has been made public through the Cincinnati Enquirer.—

The Administration brought its influence and the cheapest rates of freighting by railroad, Messrs Bayley, Collins, and Saffins of Hamil-money into the contest to crush out Blair, and canal and steambout.

I scape of Eidenpped White Men.

of Butler, members of the Legislature, under date of Columbus, July 29th, 1858, addressed a letter to Senator Pugh inquiring his opinion of the matter. It is briefly this:

An old man and his son, residing in Indiana factory, but indirectly in proportion to the amount used and its cost to every operative comments account used and its cost to every operative comments as the escape of Kentucky neighbors of siding in the escape of Kentucky neighbors of siding in the escape of sides and inquiring his opinion of the matter. It is briefly this: Will you, at your earliest convenience, give the undersigned, members of the present Ohio Legislature, your opinion as to the constitutionality and legality of said Legislature electionality and legality of said Legislature elections a United States Seastor, whose term shall give the following account of the resons of the said term needs no demonstration. In the matter of dye-stoffs, there is not an equal advantage, and not unlikely compared with some other places, would be against Cleveland. This city formishes establishments of the kind

Under date of Cincinnati, August 4th. Sena-tor Pagh replied in a column letter, giving as his opinion that the present Legislature "cannot make any valid election of a Senator in Coa-gress, except to fill some vacancy, occasioned had a senator in Coa-gress, except to fill some vacancy, occasioned having a near hey who carried a carnet has by death, resignation, or exputsion." The let-ter gives good reasons for the opinion ex-some three hundred yards distant from where pressed, and Mr. Pugh closes by saying "the they landed. On entering it, they demanded consequences must take care of themselves." the key to the cell in which their father and brother were confined, and threatened, with revolvers in their hands, to shoot down any one who should resist their demand or raise the nuderstood that the present Democratic Legis-lature would under no circumstances re-cleet | but was caught by Hornes, when she fainted. On searching the bureau drawer, the keys were found. John then unlocked the cell, released time are increased by turning "from a Demo-cratic Legislature to all the uncertainties of an-other election by the people." The opinion is sound nevertheless, but it will have little influ-ence on the unscropulous partirans who have

a United States Seastor, whose term shall amence at the expiration of your present of the following account of the rescue of the old man and his son:

On Thursday there was a barbecue at Garresteville. Most of the citizens of Brancenburg, among them the judice of the present Legislature "cannot opinion that the present Legislature "cannot was left in charge of a young man and the judice of the present Legislature "cannot opinion that the present Legislature "cannot obtain the following account of the rescue of the and other purposes, and has therefore in this item an advantage. The same is true as regards glue for sizing and provisions generally. Lalor ought to be had cheaper in proportion, as the operatives living is cheaper than elsewhere. So much for production.

Now considered with reference to consump-tion of the product. The Great West and South West are the purchasers and consumers of seventy-five per cent of the finnels and blankets made east and north of the east line of Ohio, and they consume very largely of Muslin De Luins, Cassinaeres, and Broadcloths also. Flannels and blankets require less of drugs and dyes in their manufacture, and a larger portion of them go from the castern establishments through New York and Philadelphia. Why not manufacture them here! What single superior adsouth and west and feel proud of our position and facilities for supplying that section, but we should not forget that we are opening up an enduring and important trade with the great North West and ought to be able to supply their wants in this line in defiance of any and all com-
